

Introducing Emerald...

Self Sealing Sterilization Pouches

FRONT VIEW

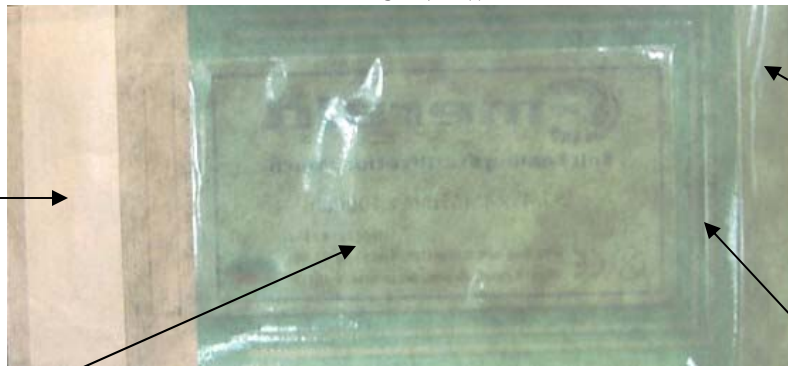

Made of medical grade sterilization paper.

Built in color changing indicators . Pouches will work with either Chemi-Vapor or Steam autoclave and Ethylene Oxide sterilization.

Write on pouches for easier identification during sterilization.

BACK VIEW

Pouches with self sealing adhesive tape.

Thumb notch assures easy opening of pouch.

One blue-tinted side, see through plastic, puncture resistant, for visualization of instruments.

Triple seal for maximum protection from possible tearing by sharp instruments.
